

NWFCS

NORTHWEST FLOW CYTOMETRY SOCIETY

Join us for happy hour

Please join us on the rooftop deck overlooking Lake Union for happy hour! All are welcome, we look forward to an educational talk on using tools for spectral analysis followed by some exciting NWFCS news and social mingling.

The goal of this group is to gather like-minded scientists throughout our region for discussion, educational/training opportunities, and social events centered around flow cytometry and similar technologies. It is our hope that the community we build through these efforts will provide a place to disseminate knowledge, share our experiences, and seek advice related to the similar work that is being carried out in all our labs throughout the PNW.

Speaker: Jerry Barnhart, Manager Field Applications
Sony Biotechnology

Talk Title: “Delivering Intuitive Tools for Highest Data Quality”

When: Thursday, September 21st 5:00-7:00pm

Location: Fred Hutchinson Cancer Center

1201 Eastlake Ave. E.

Steam Plant Building – **S4-Club House and Deck**

Seattle WA 98109
